A circular frame containing a coastal landscape. On the left, there are dark, silhouetted trees. In the center, a sandy beach meets the water, with two small figures standing near the shore. In the background, a long, low headland stretches across the horizon under a pale, hazy sky. The water is calm with gentle waves lapping at the shore.

The past is still coming through the language.

It's the heartbeat of the Earth.

When you speak

When you sing

When you listen to the birds

You're hearing the past

As it flows into the future.

The past is still very much alive.

On Country, you feel home.

When you're walking on Country,
You feel the heartbeat of the Land
And you belong.

You need to take off
your shoes and socks
And feel that connection.

Just sit and listen to the birds speak
And let the Country speak to you.

Once you hear the Country
It's there all the time.

A circular frame containing a sunset over the ocean. The sky is filled with soft, orange and yellow clouds. In the distance, a dark silhouette of a landmass or island is visible against the horizon. The ocean in the foreground shows gentle waves. In the bottom right corner of the circle, there is a small wooden fence post and some dark foliage.

You understand who you truly are
And you are transformed.
